Fire Extinguisher

Rapid Cooling Nano Technology

Effectively put out fire safely
within the shortest time

**Protecting People
Saving Lives**

You Can Protect Yourself!

Simply equip your home / office / factory with HYPREX fire extinguisher to protect yourself.

HYPREX fire extinguisher is light-weight, easy to use (point and shoot), age-friendly and 100% safe.

Tested & Certified Globally

HYPREX has been tested and proven to extinguish fire rapidly. A series of video demonstration is available:

Test shows the effectiveness of HYPREX in putting out fire during the early crucial seconds.

For video demonstration, please visit www.omniyo.co

"Many a times, fire can be prevented. In the event that it has occurred the next best and most crucial step is to put out the fire before it spread..."

Main causes of fire

- Cooking Equipment
- Heating Equipment
- Careless Smoking
- Electrical Equipment
- Candles
- Children Playing with Fire
- Inadequate Wiring
- Flammable Liquids
- Christmas Trees/Decorations
- Barbecues

Hyprex

HYPREX is the world's most advanced fire extinguishing technology.

It's unique rapid cooling technology ensures that fire can be put out within seconds.

HYPREX is 100% safe, made from nano plant extracts, it will not cause any damage or harm to the environment and humans. It is PH neutral in value and non-toxic

“ No other product is more environmentally friendly, simpler to use, faster in speed, safer and more effective in putting out fire than HYPREX ”

Nano Technology

HYPREX spray contains our patented nano plant extracts additive and water. The additive alters the water's fundamental properties, breaks up the surface tension and the molecular binding forces to make it more "liquid" (lower viscosity).

Hyprex spray is ultra effective in putting out fires rapidly. It penetrates deeper, spreads out wider into a thinner sheet, cooling the burning surfaces faster

-  **NO TRAINING REQUIRED**
-  **100% ENVIRONMENTAL FRIENDLY**
-  **EASY TO USE**
-  **FAST HEAT REDUCTION NO RE-COMBUSTION**
-  **LIGHT WEIGHT**
-  **BIODEGRADABLE ORGANIC COMPOUND**
-  **EASY TO STORE**
-  **LONG SHELL LIFE (UP TO 3 YEARS)**

Key Features

- 01** ▶ **100% Environmental Friendly**
Made using only natural plant extracts and other food grade material.
- 02** ▶ **Fast Heat Reduction. No Re-Combustion**
HYPREX penetrates and rapidly cool burning substrates to eliminate any chance of re-combustion.
- 03** ▶ **Biodegradable Organic Compound**
No messy clean up, not hazardous to humans , plants or the environment. HYPREX actually is super effective as a plant fertilizer.
